Women’s Journeys in Fiber Show Description

Problem - Birds of our imagination and the places they dwell is a theme for the development of one of two alternative presentations. The piece may be either two dimensional, cloth two sided piece OR a sculptural piece. The bird may be Imagined, Natural or Symbolic.

Process & Development - Artists kept a sketchbook/ journal, recording their creative process. They will research, sketch, journal and photo document their work along the way. Each artist will write a statement describing their inspiration and process to be exhibited alongside their work.

Also Showing - March 18-26, 2017 at the Chicago Flower & Garden Show.
